

Internet Services

High Speed Internet Access (HSIA) at The Inn at St. John's provides complimentary simple internet access in our Event Space.

Presentation Services, the on-property Event Technology team is prepared to assist with every aspect of your network requirements from the pre-planning stage to technical consultation. Whether using a wired or wireless implementation, meeting groups are able to securely connect their laptops or smartphones to the Internet.

Guests can effortlessly access their email and perform simple web browsing with our Simple Service and is provided on a complimentary basis to all meeting attendees.

Our Superior Service provides more bandwidth and allows for media streaming and large file downloads. To arrange for this service, please contact our Event Technology Team at 734-357-5757.

OUR HSIA SOLUTION PROVIDES:

- Passcodes that can be created in advance of the planned event
- Separate guest room and meeting room networks
